# fluorinenews

Saltigo's **fluorine news** will be published on a regular basis and will inform you about selected fluorinated compounds which are now offered by Saltigo's Fluorine Team.

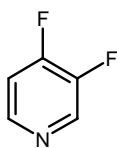

In this edition we present a broad range of **fluorinated pyridines with rare substitution patterns** which could serve as interesting building blocks for your life science R&D. For pricing and availability, please contact also our distribution partner ChemCollect GmbH, Westen 44, 42855 Remscheid: [contact@chemcollect.de](mailto:contact@chemcollect.de)

The Fluorine Team also offers **custom-synthesis** of new and non-commercial fluorinated compounds to support your life science activities – from drug discovery to preclinical development. For further information, please contact: [fluorineteam@saltigo.com](mailto:fluorineteam@saltigo.com)
